Class Reunion

*It was my class reunion, and all through the house,
I checked in each mirror and begged my poor spouse
To say I looked great, that my chin wasn't double,
And he lied through false teeth, just to stay out of trouble.
Said that 'neath my thick glasses, my eyes hadn't changed,
And I had the same figure, it was just a mite rearranged.
He said my skin was still silky, although looser in drape,
Not so much like smooth satin, but more like silk crepe.
I swallowed his words hook, sinker, and line
And entered the banquet feeling just fine.
Somehow I'd expected my classmates to stay
As young as they were on that long-ago day
We'd hugged farewell hugs. But like me, through the years,
They'd added gray to their hair, or pounds to their rears.
But as we shared a few memories and retold some class jokes,
We were eighteen in spirit, though we looked like our folks.
We turned up hearing aid volumes and dimmed down the light,
Rolled back the years, and were young for the night.*

I joined a cult("Up with People!"), traveled around the country and worked for their house publication in LA, CA. Moved back to Dayton for a year, married, and moved to Northern California where we lived on a remote gold mining claim. Divorced, I moved to the small town of Arcata on the coast in Humboldt County (ever hear of the Emerald Triangle?), where I have lived for 25 years. I worked as the produce manager for a highly successful food co-op, then became a Physician Assistant and worked in community clinics for 12 years. I currently own & manage a small food production business - Mad River Farm. We make exceptional handpacked jams, spreads, baking & beverage mixes, as well as catering and serving food at public events, such as fairs and reggae festivals. I recently became a Certified Massage Therapist, and just last fall started a non-profit Gardening Project, a collaborative effort in conjunction with the local women's shelter and food bank.

I have pursued music through the years, playing fiddle and flutes in a variety of bands over the years - Balkan, Latin American, Celtic, and traditional American folk groups. I currently play for New England style Contra Dances with friends, and sing in the Humboldt State University Community Chorale.

Other entertainments include whitewater kayaking & rafting (O.K., I admit to being an adrenaline junkie), hiking, cross-country skiing, gardening, ballroom dancing, yoga, and life with my partner, Carl Chatfield, who has graciously consented to share his family with me.

I regret being unable to make the reunion, but I have a prior commitment for a date with the Middle Fork of the Salmon River (and some hot springs) in Idaho.

Come visit for a glimpse of life on the Left Coast!

Dear Harry and Committee members, 5-13-10

hey, does all this bring up some memories. I got out the yearbook and so many more memories came flooding in. I wish that I could, but it's not possible. This year for me to travel back up north, even for such an opportunity to see everyone again. But I'm very interested in finding out about everyone. There were close to 300 in our Junior class, even if only half responds that would be a small book. Do you have some sort of directory with everyone's names, numbers & addresses? Do anyone live down here in sunny Florida? In the Orlando area? How can I get a Junior baseball cap? How 'bout a class picture?

Anyway, wish I could make the party of our 30th high school reunion, but I can't. Maybe next year.

Sincerely,
Carol Apocoff Lagg

What do you remember most about High School?

One of the best things that I remember about going to FHS, was the people I met there. I suppose most people look back on their high school years and think there was no better time and place, but for our generation I think it was. We were in an age of new awareness and still in an innocence. We had the best of both worlds. We made some wonderful friends and went through some pretty great times with them. Some friendships moved into maturity together and others seemed to drop by the wayside as their lives took different directions. You can only hope that they still remember the love, luck and laughter that we always wished for each other.

What have you been doing since High School?

Since the 1988 update and my "early retirement" to stay home and raise our son and perfect the game of golf, I have definitely given up the stupid game of golf. On a more enjoyable note, I will be celebrating my 27th wedding anniversary with Tom in June. When our eleven year old son, Andy, started kindergarten I went to work part-time with a CPA. I get to enjoy a teacher's schedule with summers and holidays off. Can't get much better than that. We have a houseboat at Lake Cumberland and spend as much time there as possible in the warmer months. When I get some quiet time of my own I like to read and play with our year old schnauzer, Pepper. As they say, life is good.

In lieu of photo - describe yourself

I'm not as young as I used to be but I still have all my own teeth. I have both feet planted firmly on the ground and my head screwed on straight. I have been told that I am entering middle age but I haven't started kicking and screaming yet, so THEY must be wrong. I still think and feel like my OLD self, so I have no complaints, except for a few joints and muscles occasionally.

Hey, Harry, sorry I didn't send back the original form but a boy and a puppy can be a dangerous mixture when combined with a cup of coffee.

Sorry, it doesn't look like I'll make it to the "'68" Whirlwind Weekend Reunion. Who knows, I may be in my own whirlwind in Florida; God forbid! At this time, we are in a moving transit, the big day is set for June 26. Paisley is a small country town 35 miles inland of Daytona Beach.

Specific Info:

6 children and 6 grandchildren

Theresa, age 28 and mother of first granddaughter, age 3, lives in Florida

* Stephen, age 32, father of first grandson plus three more, all 4 yrs and under, also in Florida

* Richard, age 30, a bachelor, Florida bound too

* Sharon, age 28, mother of grandson age 1, living in the Portsmouth area

Gary, age 22, former Marine, attending Sinclair, resides in Kettering

Michelle, age 20, working and having fun in Springfield

(* Yes, they're the wife's, Cele. Raised the two youngest and love them all, as my own.

Doing since High School???

Graduation, then employed at Frigidaire in Dayton; Married Sandy McBride, fathered Theresa, and then divorced; Married Glenda Meyer, fathered Gary and Michelle, laid off from Frigidaire, divorced, and went to Florida;

Met Cele Mclean, Activity Director, with Stephen, Richard, and Sharon. Three months later, we married (third times a charm!); called back to work at Harrison GM, now Delphi, moved from St. Pete Florida back to Kettering. Time went on: kids to college, boot camp, down the isle, in the delivery room with the grand babies, boating at St. Mary's, and yakking in my Ham Shack, "N8IAP".

Now 15 years later, with the kids all settled on their own, 30 year retirement from GM on June 26th, the wife and I retired from our jobs and back to our stamping grounds "Florida"! Hope to take a year off or so and then find some part time work.

Real sorry that we will miss the fun, maybe next time.

Sincerely,

1997 Photo attached.

WHAT DO YOU MOST REMEMBER ABOUT HIGH SCHOOL?

Mrs. Krehbiel & Mrs. Rinehart, two great teachers among many - cutting up worms & frogs with Donna - cruising Main St. and Salem Ave. (Jeff, what were we looking for?) - The Doghouse (platelunch, 35 cents) - playing on the tennis team for three years before realizing that the new coach actually took the whole thing seriously - "Lion Sleeps Tonight" on the PA - Senior lounge (chess anyone?) - Harry and the "squirt gun incident" - basketball in the old gym and then opening the new gym our last year - Mr. Barger collecting change in the cafeteria to raise money for our new basketball warmups - driving a date and another couple on the first day of having temp license, with my Dad in the back seat - fifteen cent burgers at Burger Chef, Brawley's Drug Store, Salem Drive-in, lots of great friends, some of whom have lasted a lifetime .

WHAT HAVE YOU BEEN DOING SINCE HIGH SCHOOL?

Happily married to Susie for 24 years and raising three terrific kids. Attending numerous theatrical productions, recitals and sporting events due to the interests of the children. Practicing law with a great group of lawyers, representing victims of injuries. After close to 20 years of criminal defense work, I have given that up to younger folks. Due to the interests of kids, I got involved with a local theatrical company and now serve as the President of its board of trustees. Involved in local politics (in non candidate positions) by chairing several council and tax levy campaigns. That led to involvement in our local library, where I now serve on the board of trustees. Playing as much golf and tennis as possible and travelling whenever we can make time, especially family ski trips.

What do you remember most about High School?

I remember great friends, having my own car, getting into trouble with my great friends in my own car, going to Cassano's and Frisch's, Mrs. Rinehart, Mr. Hoch, Mr. Mumma, Mr. Catterlin, and Mrs. Krebbiel and her long red fingernails. I remember meeting Tom and having Mr. Mumma tear up our math tests because we were talking. (Barely passed that time) I remember wild slumber parties, but not nearly as well as Marcia Pabst does. I remember the new Cola Cottage and having that as a locale for 6th period Honor Study Hall and then leaving every day 6th period.

What have you been doing since High School?

I have been teaching multiply handicapped students for 25 years in the Dayton School system and I still LOVE my job. I am trying to stay ahead of my students on the computer with moderate success. I love to garden and do flower arranging. Perhaps when I retire I can actually keep the weeds out of my garden. I have three cats, one dog and a fabulous husband, Tom, who barely passed that time in Mr. Mumma's class too!

Dear Harry,

My organizational skills leave me when school is out. I had the Bulldog bio form out the other day, and now it is nowhere to be found. We have a fox that frequents the neighborhood and spends some time under our deck. I think HE ate the paper in question. Anyway, I don't recall the exact format. Here's my best shot:

What I remember most about high school:

- 1) Hoping to catch a glimpse of my boyfriend between classes
- 2) Miss Herbst's facial expressions
- 3) Mrs. Rowe's class on social problems--especially racial discrimination--it made me cry.
- 4) Typing all night to get my Great Books series finished.
- 5) Driving around with DeeDee Matthews
- 6) Basketball games, and going to Cassano's afterward
- 7) Getting a carload of girls stuck in the mud after chasing Howard Malovany

What I have been doing since 1968:

- 1) Graduated from Ohio University, 1972
- 2) Married Wayne Hounshell (Kiser '65) in 1974
- 3) Have son, Jeremy, 22 (senior at U.D.)
- 4) Have daughter, Kimberly, 18 (sophomore at U.D.)
- 5) Currently work as Speech/Language Pathologist for Dayton Public Schools
- 6) Previously taught first grade for Archdiocese of Cincinnati
- 7) Live in Butler township
- 8) Starting to look and feel "mature"
- 9) Miss everyone!

Sincerely,

Pam Needham Hounshell

P.S. Was there anything else? Call me if I forgot anything important. Thanks, Harry. Have a great time at the reunion!

IN LIEU OF PHOTO - DESCRIBE YOURSELF:

Connie J. Tobias (Bouts)
Class of 1968

I am still: 5' 7 1/2" tall, fortunately weigh a few pounds less than high school, same brown hair (thanks to my paternal grandmother who avoided all but about three gray hairs during her lifetime), and since I have always liked to smile, there is character that is shaping my face as time goes on (no no those are dimples and they have always been there).

1998 F.H.S. REUNION

WHAT HAVE YOU BEEN DOING FOR THE LAST FIVE YEARS?

I am still a pilot for USAirways, but have changed aircraft. I am currently flying the Boeing 767 out of Philadelphia to seven European Cities. I am no longer dealing with any on call satus...translation: I have more free time.

I have taken advantage of this free time to travel the world for fun and enlightenment. Extensive traveling has been a desire of mine for a long time. The more I travel the more curious I become, the more I read, and the more history, art, and wonders I learn. All my traveling has taught me that there is definitely more than one right way to do things. The differences in cultures are most interesting and stimulating. In the last five years, you might find me riding elephants in the mountainous rain forest of Thailand, hiking the Inca trail at Machu Picchu in Peru, on an African safari, Hong Kong, Vietnam, SCUBA in the Cayman Islands, Russia, Ukraine, the Greek Isles, hiking in Bavaria, traversing all of Europe, bicycling in Vermont, motorcycling in Colorado, Snow skiing in the Rockies, catching up on my reading enroute, and basically never home. Through my travels I have discovered opera to be one the most beautiful and passionate forms of art. You will find me in N.Y. at the Metropolitan Opera House during the season.

As a member of the International Society of Women Airline Pilots, I mentor young women in aviation, give talks at schools, work with the scholarship program, work with the girl scouts and the Smithsonian's Air and Space Museum in

Washington, D.C..

Truly fun flying stuff in the last five years: Flying a Yak in aerobatics over Moscow; flying the simulator for the world's largest aircraft in Ukraine; visiting the Houston Space Center, having a tour of the space shuttle simulator and flying the profile.

More fun stuff: Being my brother's First Mate on a Yacht he Captains in Florida. (Michael L. Bouts, F.H.S. 1970) I am sure he has had better First Mates, and ones that didn't ask so many questions, but it was wonderful to spend time doing something fun with family.

Desires for the future: I would like to learn to play the piano (I can't even read music yet); I would like to become proficient in one other language (Preferably Italian, there's that opera thing again); And I would like to live in the same city that I work in for a change.

I am sorry I will miss the F.H.S., class of 1968, 30th reunion, but I have an aircraft school on that very weekend. ~~Sometimes work gets in the way of your days off!~~ But after all these years of flying, I still love my job and quite frankly I like going to work. I hope to see you at the next reunion. Blue skies and fair winds to all.

Have a wonderful 30th reunion!

Go Bulldogs!

Most of the addresses and phone numbers have been verified as correct in either 1997 or 1998. A few, however, are old and may not be reliable.

Please let us know of any corrections, changes or additions that you know about. Even if you only have partial information on someone, we may be able to find them.

If your entry is incorrect or incomplete, or if you move in the next five years, let us know! Send address changes to:
